IN THE COMMUNITY

JOIN THE FUTURE OF TENNIS

Net Generation is the USTA's commitment to helping community organizations (parks, after-school programs, community tennis associations, NJTLs, and more), parents, and volunteers build youth tennis programs in your community. Net Generation will provide resources and guidance along the way to make sure you have all of the tools to feel confident in helping kids stay active.

Net Generation encourages kids to challenge themselves. It helps shape the game to individual players, so they can learn at their own speed. Even more importantly, it uses tennis as a pathway to personal development off the court. And for everyone involved, Net Generation creates a strong sense of community for life.

The easy-to-follow curricula was developed by the USTA, the game's governing body, with tools and lessons designed to challenge kids in a fun and social way.
